# BIOMONITORING WORKSHOP

MISSISSIPPI STATE  
UNIVERSITY™

EXTENSION

You are invited to join us in protecting Mississippi's water resources and watersheds! Learn bacteriological and macroinvertebrate testing methods to track trends in water quality over time and collect data that can be used to detect watershed impairments. Self-paced online course work is open! In-person workshop:

Saturday, May 17, 2025 in Clinton, MS.

Become a MSWS monitor in 3 steps.

- 1 REGISTER FOR THE TRAINING TO RESERVE YOUR SEAT! [CLICK HERE](#)
- 2 COMPLETE THE SELF-PACED, ONLINE COURSEWORK FOR THE MONITORING TYPES OF INTEREST
- 3 PARTICIPATE IN THE IN-PERSON WORKSHOP TO DEMONSTRATE MONITORING METHODS ON MAY 17, 2025 IN CLINTON, MS.

Along  
with the:

Clinton  
Community  
Nature Center
